

Bulletin

2004-12B

TO: Mayors, City Managers, Selectmen,
Executive Directors, Sewer Authorities
Commissioners, Sewer Districts
City and Town Treasurers

FROM: James R. Johnson, Director of Accounts

DATE: August 2004

SUBJECT: Sewer Rate Relief Fund – FY2005

The Sewer Rate Relief Fund operates under the provisions of Chapter 29 §2Z of the General Laws. The Fund was created in 1993 to mitigate escalating costs of sewer service in the Commonwealth. Awards were based on “eligible debt service” and were calculated at up to 20% of debt service.

In FY94, over \$20 million was awarded, increasing to over \$60 million in FY02. In FY03, no funds were disbursed. In FY04, \$5 million was appropriated and in FY05, \$10 million is appropriated. Consequently, we anticipate awards this fiscal year will be in the range of 3% of eligible debt service.

Details of the program are unchanged. Eligible debt service is defined as:

- permanent debt issued on or after January 1, 1990 for a term greater than five years,
- for water pollution control projects,
- projects which received state grants are ineligible,
- projects financed through MWPAT are generally ineligible.

The Division of Local Services administers the program in consultation with the Department of Environmental Protection. Applications should be submitted using the attached form and returned by Friday, September 10, 2004 to William C. Meehan, at the address below. Mr. Meehan’s telephone is (617) 626-2382.

We are including the proposed use of award funds on the application as in FY04, rather than asking for the proposed use after the awards have been made, in an effort to simplify operation of the program.
